## GRANT AWARDING POLICY

Adopted April 2018

Stowupland Parish Council has statutory powers to make funds available to local organisations for the overall benefit of Stowupland and its residents.

This document outlines Stowupland Parish Council's guidelines for awarding. It also formalises the application process to ensure access, openness and fairness to the groups and organisations we aim to support. We will ensure that our grant awarding activity is fair and transparent.

### General information for applicants

It is Stowupland Parish Council's intention (subject to budget restrictions and available resources) to support initiatives from local community groups and organisations. Priority will be given to applicants who have not previously received grants from Stowupland Parish Council. Stowupland Parish Council offers grant applications for funding under £500 and over £500. The size of any grant awarded is at the discretion of the Parish Council.

### Who is eligible to apply

The following organisations may apply to Stowupland Parish Council:

- a. A Stowupland based charity
- b. An organisation serving the needs of the residents of Stowupland
- c. Resident(s) of Stowupland requesting grant aid with a project/event, which will be for the benefit of the local community
- d. A Stowupland based club/association/charity serving a specific section of the community or the community as a whole
- e. A local branch of a regional or national organisation/group which serves the needs of the residents of Stowupland.

### Who is not eligible to apply

We will normally reject applications from:

- a. Projects which are the prime statutory responsibility of other government bodies who would normally be funded by a local or regional authority
- b. Projects which improve or benefit privately owned land or property
- c. Support for individuals or private business projects
- d. Applications by "for profit" commercial organisations
- e. From regional and national organisations unless it can be clearly demonstrated that the grant would be used specifically for the residents served by Stowupland Parish Council

- f. From organisations with political affiliations or those established for the purpose of forwarding a party political agenda

### **What can be funded**

The project should be something that makes the local community a better place to live, work and play. It should be something that will provide a long lasting and sustainable benefit to our local area. The project must be something that will improve the social, environmental and /or economic profile of Stowupland. Priority will be given to those applications which add value over applications for running costs.

### **The following are unlikely to be considered as a grant priority**

Projects where there is a large shortfall in the funding required to complete the project or projects that simply replace existing facilities with no significant improvement.

### **Conditions of grant**

Stowupland Parish Council support must be acknowledged as appropriate on all publicity and promotional material including posters, advertisements, press releases and leaflets.

Financial support can be only be used for the purpose for which the grant is given. Grants must not be distributed to any other organisation.

Grant Applications should be submitted:
